Scratch Cards

What are Scratch Cards?

Scratch Cards are personalized donation cards with silver scratch-off spots. You simply ask people to support your group by scratching off a spot or two and donating the amount shown under the spot. It's that easy!

Each "spot" on the card is worth \$.05 to \$3.00 (no duplicate amounts). If every spot is scratched, you will collect \$105.00! In fact most people round up their donation to even money, so you can actually earn more than \$105.00 per card.

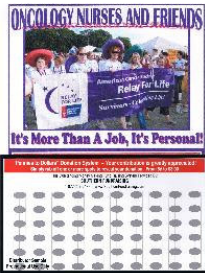

Choose from a wide selection of "Standard Cards" and we'll personalize it with your group's name and message on the card for FREE!

(Minimum order 10 Cards)

Scratch Cards are easy to order and will be sent to you quickly! Just show the card to your friends, neighbors and co-workers and tell them you are raising money for your group. Ask if they will help by scratching a spot or two to reveal their donations. It's that simple! You get cash with no product to deliver or worry about. Your friends and donors are able to support your group, avoid an overpriced product, and have fun doing it...***everyone wins!***
