Direct Sale Fundraiser

- Call and place an order for the flags you want.
- Accepted forms of payment are Visa, MasterCard, American Express and Cashier's Check. The product will be shipped upon receipt of payment.
- Order a small number of flags to see which ones are popular with your group. Simply re-order when you need them. If you do them seasonally, remember to order just of the season you want.
- Sell them at concessions stands, booster meetings or make each member responsible for selling a set number. There is no distribution date to worry about. This works very well because the customer can see the flags firsthand and doesn't have to wait. The flags are not perishable and will sell all year round!
- Collegiate flags may be available! Call to see if your favorite is available!
